Letter from the Dean

I hope that all of you had a great summer and are ready to get back to campus. For upperclassmen this will be “old hat.” Hopefully your schedules are set and you can dive right back into classes and other campus activities. To our newcomers – the CLASS OF 2017 – I am excited that you will be joining us and wish you well as you begin your collegiate journey.

The Honors College is charged to provide you with the tools to make your time at UTSA supported, challenged and successful. We encourage you to go beyond the traditional classroom experience and to get involved in campus and community activities. Look for research, study abroad, and service opportunities on our website throughout the year. Become familiar with the University Honors Student Association (UHSA) and the events that the organization sponsors. For those living in on-campus Honors Housing there are many programs in which you can participate without “leaving home.” Above all, keep in contact with your Honors College academic advisors.

Last year the Honors College completed its first decade at UTSA. We are committed to continuing to offer opportunities for each of you to pursue a wide range of academic fields in our second decade.

Again WELCOME BACK TO ALL and GOOD LUCK in the upcoming year.

Richard A. Diem
Dean
Dear Honors Students,

Welcome back for the 2013-14 academic year at UTSA! We are looking forward to another exciting year in the Honors College. As you return to campus, you will see some changes in Honors advising. The University as a whole will be reorganizing Academic Advising, and the Honors College will be making some changes as well. We are shifting some advising responsibilities so some of you will be asked to see a different advisor this fall. In addition, we are sad to report that Ricardo Blanco will be leaving the Honors College to take a half-time position with the College of Sciences Advising Center. We will all be sad to see Ricardo go. Ricardo’s last day will be Thursday, August 28th. The Honors Advising Center will be hosting an Open House from 2:00-4:00 that day. Please stop by and say goodbye to Ricardo! We will be hiring a replacement advisor for Ricardo as soon as possible, and we expect to continue to be able to offer first-rate advising, but we hope you will bear with us during this transition.

We are also pleased to greet two new employees. Shawn Keeney, a 2013 Highest Honors graduate, has joined us as our new graduate assistant, replacing Iliana Sanchez, who left for a position at the Research Imaging Center at the UT Health Science Center. Shawn will be working on newsletters and special projects. Joseph Cavallini, an Honors junior entrepreneurship major, has joined us as the new Web Specialist. Joseph will be working on updating the Honors website. You should already be able to see signs of Joseph’s work. If you have recommendations regarding the website or the newsletter, feel free to contact Shawn or Joseph.

I hope you will take the time to read the newsletter closely, so you don't miss out the social activities we have planned to kick off the semester! Keep an eye on your email for announcements of other social, cultural, and educational events for the fall! There’s much more to come!

Dr. Ann R. Eisenberg

Letter From the Associate Dean
Greetings, Honors College Students!

Welcome to the fall 2013 semester at UTSA!

Summer has been busy in the Honors College, as we have welcomed new students during orientation and planned new things for returning students. Football season is almost here and we can’t wait for all the excitement game days bring!

Classes begin Wednesday, August 28th. You will want to start the semester as prepared as possible. I hope you will take the time to read some of the important dates listed in the calendar on page ___ of this newsletter. Mark these events on your personal calendar to reference throughout the semester. Getting involved with student activities will enrich both your academic and personal experience at UTSA.

I have also put together a compilation of suggestions you should consider as you prepare for the fall term.

1) If you have taken summer courses at a community college or another university, make certain to have final transcripts sent to the Registrar’s office.

2) Take the time to become familiar with your UTSA ASAP account and the many helpful student resources it contains. If you are having trouble logging in or have been locked out of your account, please visit the Enrollment Services Office, located on the first floor of the John Peace Library (JPL) building, to have your password reset. We frequently communicate with you through your preferred email account, and we don’t want you to miss out on important deadlines, information, and opportunities.

3) Visit the Honors College website for information on scholarships, scholarship deadlines, articles about your peers’ experiences as Honors students, conference news, and resources you may need. The forms you often ask for are on the HC website for your convenience. http://honors.utsa.edu/students/forms.html

4) Seniors who are graduating in fall 2013 must apply to participate in the Honors College graduation ceremony. Visit the Honors College website at to locate the form or use this link - http://honors.utsa.edu/students/assets/forms/graduation-app.pdf

5) Seniors intending to graduate in spring 2014 must apply for graduation by November 15, 2013. All the information you need regarding the application process can be found on the UTSA Registrar’s Office website at: http://www.utsa.edu/registrar/graduation.cfm

6) All Honors students should consider getting involved in the University Honors Student Association (UHSA)! As a member of the Honors College, you are invited to become a member of this student-run organization. UHSA provides a forum for you to get to know fellow Honors students, expand your UTSA experience beyond the classroom in a social setting, and make a contribution to the success of the Honors College! We will send you invitations to various UHSA activities throughout the semester.

You can friend UHSA and the Honors College on Facebook at https://www.facebook.com/ HonorsCollege. We are proud of your academic success and look forward to helping you continue as one of the best and brightest at UTSA!

Go Roadrunners!

UTSA’s Quantitative Literacy Program (QLP) is an important part of the UTSA 2016 initiative to elevate our university to Research One status. The program is designed to improve UTSA students’ ability to work with graphs and data by adding a quantitative element to some core classes. ALL students who entered UTSA in fall 2011 or later are REQUIRED to take a “Q” course in order to meet graduation requirements. The learning goals of the QLP help undergraduate students: (a) acquire basic quantitative literacy and numeracy skills, (b) communicate the results of their quantitative analysis, and (c) acquire discipline-specific, advanced, quantitative skills. The primary focus of enhancing student learning to develop quantitatively-trained graduates is achieved through a curriculum that seamlessly integrates these skills in courses across the undergraduate curriculum.

So what is Quantitative Literacy? “Quantitative” refers to the use of simple mathematical tools to solve real-world problems (e.g., balancing a checkbook, figuring out a tip, or completing an order form), while “Literacy” refers to the ability to understand information and write about the patterns observed or form an argument about the implications of the analysis of data. Simply put, the QLP wants to ensure that all UTSA students can read, interpret, and analyze numerical information.

EVERY STUDENT WHO ENTERED UTSA IN FALL 2011 OR LATER MUST COMPLETE THE Q REQUIREMENT in order to graduate. Q-classes include specific sections of the following core classes: ANT 2033, ANT 2043, BIO 1233, BIO 1404, CHE 1073, ECO 2003, ECO 2013, ECO 2023, HIS 2123, POL 1013, SOC 1013, WRC 1013, and WRC 1023. The classes that meet the program requirements have a “Q” on the course schedule page with a corresponding comment that reads, “Course satisfies UTSA’s quantitative scholarship requirement.”

If you are a transfer student who came to UTSA with the core curriculum already complete, be sure to see your advisor for information on how to fulfill the Q requirement!

The Quantitative Literacy Program is a part of UTSA’s Quality Enhancement Plan.

Welcoming New Faces

Shawn Keeney
Graduate Assistant

Originally from Corpus Christi, Texas, Shawn earned his Bachelor’s degree in English (with a concentration in creative writing) with Highest Honors in spring 2013 and is starting his Master’s degree in English this fall. Shawn joins the Honors College as our new Graduate Assistant.

Shawn is an avid reader and book collector. He is the proud owner of around 300 books (not including his selection of books in digital format). Shawn also enjoys creative writing, particularly poetry and creative nonfiction, swimming, and watching movies. He plans to go on to earn his Ph.D. and become an English professor.

As an undergraduate Honors student, Shawn greatly appreciated everything the Honors College staff does for its students. He is very proud to now be a part of a team whose mission is to go above and beyond in everything they do.

Joseph Cavallini
Web Specialist

Joseph Cavallini is the Honors College’s new web specialist. Having worked on his first commercial website in 2008, he now works with many small businesses across the United States. From simple websites to online stores, inventory management, and custom systems, Joseph has consistently expanded online infrastructure to meet the needs and budgets of his clients. Joseph now maintains a UNIX based server, running WHM with Cpanel and Managed WordPress. He has built over 35 websites and currently hosts over 10 on his own servers.

When he is not updating the Honors College website, he is most likely developing his next idea for the internet. Joseph is an entrepreneurship major and a member of the class of 2015. You can learn more about Joseph at his website JosephCavallini.com.

Marshall Scholarship Symposium
Featuring Andrew Millar, British Consul-General

Tuesday, September 20, 2013
2:00-3:15 p.m.
Harris Room (UC 2.212)

Are you interested in or currently applying for a Marshall Scholarship this year?

The Marshall Scholarship Symposium is designed to provide information to current and future applicants about the history and goals of the Marshall Scholarship and to offer insights from presenters as to aspects of the application that will improve applicants’ chances for success.

For more information, contact Dr. Ben Olguin, Assistant Director of National Fellowships and Scholarships in the Honors College at ben.olguin@utsa.edu or by phone at (210) 458-2512.

NCUR 2014 will be held in Lexington, Kentucky on April 3-5, 2014. The Honors College plans to send a group of students to this conference. Information about NCUR 2014 can be found on the web at: http://www.cur.org/ncur_2014/

All students working on research are invited to represent the Honors College at the 2013 annual meeting of the National Conference on Undergraduate Research (NCUR). The conference provides an opportunity for students to share research results, interact with fellow Honors students, and meet other undergraduate researchers from all over the country.

Please contact Dr. Eisenberg immediately if you are interested in submitting an abstract and attending the conference (Ann.Eisenberg@utsa.edu). If you wish to participate in the conference and the trip, you will need to submit a draft of your abstract to Dr. Eisenberg by Monday, November 4th. You should share your abstract with your research advisor before submitting it to Dr. Eisenberg.

If you are approved for Honors College support, the Honors College will provide airfare, conference registration, and hotel costs. You will be responsible for meals, incidentals, and sightseeing. You will also be asked to apply to the Carlos and Malu Alvarez Special Opportunities Fund by February 1st, 2014.
The UT Health Science Center Libraries and The Center for Medical Humanities & Ethics present

Louise Aronson, M. D., M. F. A.
Associate Professor of Geriatrics at the University of California, San Francisco

“One Community/One Book” Author Event
Thursday, November 14, 2013 at 5:30 p.m.
UT Health Science Center at San Antonio, Holly Auditorium

The Libraries and the Center for Medical Humanities & Ethics have chosen *A History of the Present Illness* for the fall 2013 One Community/One Book read.

In her practice, Dr. Louise Aronson, author of the collection of 16 short stories, cares for older adults, and also directs the Northern California Geriatrics Education Center. Her stories, while fictional, grow out of the real-life experiences of patients, families and caregivers. Through them, Aronson shines light on the worlds of knowledge, health, frailty and caregiving as she has experienced them through her work.

If you are interested in attending, please RSVP to Dr. Eisenberg at Ann.Eisenberg@utsa.edu. Students will have the option to travel together or meet at the Holly Auditorium.
The Honors International Program destination for spring 2014 is China! The destinations for the trip will be Beijing, Tianjin, and Xian.

The dates of the program are May 12 - 30, 2014.

If you have questions regarding the Honors College International Programs, please contact Dean Richard Diem at (210) 458-4106 or via e-mail at Richard.Diem@utsa.edu.

FIELD TRIP
Holocaust Memorial Museum of San Antonio
Tuesday, October 22, 2013, 10:00 a.m.

Dr. Kolleen Guy of the Department of History will be leading a visit to the San Antonio Holocaust Museum, located at the Barshop Jewish Community Center on N.W. Military and Wurzbach Parkway. The group will also meet with a Holocaust survivor. All Honors students are welcome to attend.

The group of attendees will meet at 9:45 a.m. and finish by 11:15 a.m. Students can contact Dr. Guy to carpool or can meet the group at the Jewish Community Center, 12500 NW Military Hwy, San Antonio, TX 78231.

If you’re interested in attending, or for more information, please contact Dr. Guy at Kolleen.Guy@utsa.edu or by phone at (210) 458-4371.

“BELIEVE IN POSSIBILITIES”

Everything that FTK does challenges the notion that students are “all about themselves.” We have proven that, with a little dedication, we can change the world in a small way for kids with cancer. We do this by raising money, providing emotional and social support, and bringing awareness to the cause. We host remarkable events all year long, including Zumba events and a fashion show and finish with a spectacular, 18-hour dance marathon. We enjoy spending lots of time serving, playing, and laughing with these special kids at the Children’s Hospital of San Antonio and at our events.

When does a quarter become important? You can make a big difference by adding a small token, a token that will give hope. Look for the can in the Honors College office.

The For the Kids Dance Marathon at UTSA has been named the recipient of the Wells Fargo Community Leadership Group Award of $1000. The funds will go to assist families battling pediatric cancer at Christus Santa Rosa.

History

Established by the Leadership Challenge Class of 2009, FTK is a student-led organization created to ignite a united effort across the UTSA campus to support local families battling childhood cancer. We are growing across the community, establishing relationships with corporate partners and teaming up with local schools. With over 200 members we provide thousands of hours of service, have raised over $80,000, and are currently helping nearly 100 families in their fight against childhood cancer.
