

UTSA Ambassadors Sulieyman Naser, Civil Engineering, 2020

Leadership

SUMMARY

Established in 1988, the UTSA Ambassador Program consists of a select group of 40+ student leaders. UTSA Ambassadors act as student hosts at campus events, university sponsored conferences, and community and alumni functions. The Ambassador Organization is committed to Service, Leadership, Integrity, and Excellence. Although the UTSA Ambassador Organization function as one. It currently has four pathways such as the welcome center & College readiness appointed Ambassadors. I am a member of the service/ volunteer pathway. Out of the many activities I have been a part of I have lead tours across campus to help students from K through 12 understand the importance of a college degree, helped educate visitors about campus life, history, traditions and achievements of the college.

SPICES

My experience as a Service UTSA Ambassador gave me an opportunity to lead students and give back to my campus. Serving the community and helping many teens realize the importance of a college degree are part of the many reasons I was drawn to the organization.

HERBS

The Ambassadors had me practice resilience by being part of a team responsible for many events on campus and the community. We had to be resourceful, agile adaptable, and open to change.

LEARNING OUTCOMES

The UTSA Ambassador Organization symbolizes the ideals of the Honors College by focusing on service and leadership through execution and use of skills such as communication, diversity, integrity, team building, time management, passion, patience, motivation, influence, purpose, listening, ethics, and problem solving. I have learned so much more about UTSA, and how much of an important role we play.

IMPACT

The organization gave me the chance to help future generations recognize the importance of a higher education. I have supported my fellow students by guiding them through many life changing events such as the commencement ceremonies. I engaged with the community by hosting many events such UTSA day that reach high school students and their parents.

ADVICE

“Tell me and I forget, teach me and I may remember, involve me and I learn.”- Benjamin Franklin. To overcome your weaknesses address them head on by being involved in activities and organizations that help strengthen them since leadership and learning are indispensable to each other.
